

Barry P. Chaiken, MD, MPH

Barry P. Chaiken, MD, MPH has over 25 years' experience in healthcare information technology, clinical transformation, and business intelligence. He is currently Clinical Lead at Tableau Healthcare where he offers his expertise in clinical transformation, quality improvement, and healthcare analytics.

Chaiken served as a Board member (2006-2010), Board Liaison to HIMSS Europe (2006-2009), and Board Chair (2009-2010), and continues his involvement as a Fellow of HIMSS. He currently writes a column on technology and quality for the journal *Patient Safety and Quality Health Care*. Chaiken is currently writing a book on healthcare information technology and its potential impact on quality, access, and cost of care.

Chaiken is board certified in General Preventive Medicine and Public Health. He received his medical degree from Downstate Medical Center and his MPH degree from the Harvard School of Public Health. He acquired his specialty training from the Centers for Disease Control as an Epidemic Intelligence Service officer and from the NJ Department of Health as a preventive medicine resident.
